Consciousness, at its simplest, is sentience or awareness of internal and external existence. Despite millennia of analyses, definitions, explanations and debates by philosophers and scientists, consciousness remains puzzling and controversial, being "at once the most familiar and most mysterious aspect of our lives". Perhaps the only widely agreed notion about the topic is the intuition that ...

The Generally Accepted Accounting Principles - Study.com

Native Americans, also known as American Indians, First Americans, Indigenous Americans and other terms, are the indigenous peoples of the United States; sometimes including Hawaii and territories of the United States, and other times limited to the mainland. There are 574 federally recognized tribes living within the US, about half of which are associated with Indian reservations.
