FedRAMP Skillsoft is the first learning company to achieve Federal Risk and Authorization Management Program (FedRAMP) compliance, a government-wide program that provides a standardized approach to security assessment, authorization, and continuous monitoring for cloud products and services....

U.S. Federal Government - Skillsoft

Note that all three distributions are symmetric, but are different in their modality (peakedness).. The first distribution is unimodal — it has one mode (roughly at 10) around which the observations are concentrated. The second distribution is bimodal — it has two modes (roughly at 10 and 20) around which the observations are concentrated. The third distribution is kind of flat, or uniform.
