Diet Wise is a guidebook that contains a multitude of information about food and how to safely and smartly incorporate it into one's diet. By choosing the best and healthiest food options, men and women can not only ensure that their body remains slim, healthy, and in good condition, but they can also protect themselves from the risks that many other foods cause. The program is written by a "number one allergy detective"; meaning that many can count on the advice and direction that it ...

The diets varied greatly depending on what part of the world the indigenous groups inhabited—the Swiss ate a diet rich in dairy products; the Inuit in Alaska ate a lot of fish and whale blubber, etc. But while the dietary specifics were different, traditional diets had much in common, as well. This is

the crux of the Wise Traditions diet.
