### Id Rather Have A Root

A Popular Expression With A Common Misconception! "I'd rather have a root canal" is a common idiom in our culture for comparing worst case scenarios. However, the underlying sentiment, that is, a situation is so bad one would rather "endure" a root canal is based on a common misconception. While pain in a root canal is from "pulpal" inflammation or infection, which can be excruciating, the actual treatment is relatively painless and very successful.
