Deception is a major relational transgression that often leads to feelings of betrayal and distrust between relational partners. Deception violates relational rules and is considered to be a negative violation of expectations. Most people expect friends, relational partners, and even strangers to be truthful most of the time.

In Shakespeare's time, women did not enjoy the same freedoms that they do today. This was a time of strict social hierarchies and stringent rules about how women should behave in the home and in public. Because women were responsible for maintaining the 'honour' of their families (particularly amongst the upper classes), there was a great deal of anxiety about how
