Strategy The Logic Of War

Strategy is made of such seemingly self-contradictory propositions, Edward Luttwak shows—they exemplify the paradoxical logic that pervades the entire realm of conflict. In this widely acclaimed work, now revised and expanded, Luttwak unveils the peculiar logic of strategy level by level, from grand strategy down to combat tactics.

Amazon.com: Strategy: The Logic of War and Peace, Revised ...

Luttwak defines strategy as “the conduct and consequences of human relations in the context of actual or possible armed conflict.” He maintains that strategy is unique in its paradoxical logic, a reality illustrated by the old axiom that if one desires peace, then one should prepare for war.

Strategy: The Logic of War and Peace by Edward N. Luttwak

Strategy: The Logic of War and Peace makes for stimulating reading. Luttwak's chief argument is that strategy is conditioned by its own paradoxical logic. For example, according to the logic, any success contains the seeds of its own reversal.

In this widely acclaimed work, now revised and expanded, Luttwak unveils the peculiar logic of strategy level by level, from grand strategy down to combat tactics.

Strategy — Edward N. Luttwak | Harvard University Press

Because war is the only way to lead to peace. Strategy is governed by the paradoxical logic where everything turns into its opposite. War brings peace by literally burning, destroying the resources needed to make war to some extent; much more importantly, by destroying the hopes, the ambitions, the expectations that drive war.

Strategy: The Logic of War and Peace | Carnegie Council ...

Strategy is made and executed in the real world, an environment that ultimately deals with constraints. The most obvious of these are time, information, and resources. War in general, and operations more particularly, are competitive and decisions must be made in a context that rewards timely actions.

Distilling the Essence of Strategy - War on the Rocks

Strategy: The Logic of War and Peace (1987) Edward Nicolae Luttwak (born 4 November 1942) is a strategist and historian known for his works on grand strategy, geoeconomics, military history, and international relations. He is best known for being the author of "Coup d'État: A Practical Handbook

Edward Luttwak - Wikipedia

The first, and most novel, is what Luttwak refers to as the paradoxical logic that governs all of strategy, a kind of inverted reasoning which pervades all warlike activities and which contrasts sharply with what he calls "linear logic," that is, common sense.
